Human Resource Department Moves to Fort Worth

.....By Shirley Meyer

In August, the Human Resource Department, moved from the Administrative Office in Abilene, Texas, to the Corporate Office in Fort Worth. **Hugo Bonacci**, Vice President of Human Resource and Administration, and I, Human Resource Administrative Assistant, packed up our offices, and with extra help that included **Carlos Luna** of Fort Worth and temporary workers in Abilene, began our journey to the big city. Unfortunately, there were many more files and boxes and belongings, and more than one trip had to be made (we had to get a bigger truck!). The department fared well, with nothing broken. Even my blue chair, unwelcomed in most places, made it safe and sound.

Hugo and his wife, Dawn, bought a home in Keller, and I bought a home in Azle. The transformation has gone well, and if you find yourself in Fort Worth, stop in and say hello!

Brian Johanson (908281) moved this TXU transformer to Lancaster, Texas. Dimensions were 117' L x 10'6" w x 19'8"l.

Can you name these Fort Worth employees?

Harold Smithey (9014) had a surprise visitor on his porch in November. A 3-foot iguana found his way to Harold's home in North Richland Hills, Texas. Maybe he knows a good home for reptiles when he finds one, as he is joining a ball python and a Uromastyx lizard.

Harold did find out a little about this big lizard – he bites! Looks like he's checking out your throat there, Harold!

Lone Star Loads. . .

This Gas Production Skid moved from Orangeburg, South Carolina to Montague, Texas in November.

Pennsylvania in the fall made a good backdrop for this driver and his truck.

This Permian tank was picked up in Midland, Texas in July by Ricky Edwards (3316) and delivered to Big Spring, Texas. Dimensions were 30' l x 19' w x 21' h.

More Lone Star Loads...

The CAT engine was hauled by Gary Hass (900072) and the FMC/Shell Tree was moved by Robert Hudnell (900249). They are pictured here in front of Reliant Stadium in Houston, Texas.

Harold Smithey (9014), delivered this crane boom to the new Dallas Cowboys Stadium being erected in Arlington, Texas.

Theresa Olguin

This ONCOR trailer is part of the Smart Texas Tour. Lone Star's dedicated driver and truck, Thomas Chadwick (900233) moves this show trailer to the various tour sites. Theresa Olguin (Fort Worth Customer Service Representative) handles the scheduling of this portable display.

Fort Worth Driver Appreciation Day

**Meet Driver
Carlos Medina**

Carlos Medina (900175) started working for Lone Star in January 2007. In his spare time, he paints with oil paint, draws, makes jewelry and knives.

This friendly, multi-talented man presently has art on display at Mississippi State University.

Carlos is a proud descendant of Mescalero Apache Indians. He and his wife live in Arlington, Texas. If you get a chance to meet him, you'll be glad you did.

Diana (Abbott) Anderson (Gainesville Maintenance) and Willie Anderson tied the knot April 25, 2008.
